

Lubecore Technical Announcement

French 2021 Fittings Manual

Please be advised that the Lubecore 2021 Fittings Manual is now also available on the Lubecore portal in French. The French version of the manual can be found in the same place as other parts manuals. As Lubecore releases additional updated catalogues through the year, French versions of these anticipated catalogues will also be published.

A link to the catalogue page on Lubecore's website can be found below.
