

Lubecore Communication

Subject: New Spyder pump documentation

Date: August 8, 2013

Lubecore is pleased to provide you with support material in the form of a new Spyder General Manual. Please read through this valuable manual for any information you need regarding the new Spyder pump.

We have also been able to produce a driver's instruction card. Each Spyder pump that is shipped from our location will include this card.

Regards,

Wesley Prinzen
Lubecore International Inc.
