

Lubecore Technical Announcement

Lubecore has introduced a new and improved Super Injector, but were you aware of all the manifolds that are available? Lubecore has updated the manifolds to include some newer options – notably, 8 and 18 port transport manifolds and a 12 port low profile manifold. With the addition of the 18 port manifold, the new 9 port is now offered with all 9 ports on a single side. Lubecore also offers assembled manifolds, custom built with injectors and lining installed. We would be happy to configure a manifold assembly to meet your needs. Call us today!

Part #	Description	Picture	Typical Usage
11.004	Manifold 4 Port Brass (4 – Single Side)		Transport
11.005	Manifold 8 Port Brass (4 – Double Side)		Transport
11.007	Manifold 7 Port Brass (7 – Single Side)		Transport
11.014	Manifold 14 Port Brass (7 – Double Side)		Transport
11.009	Manifold 9 Port Brass (7+2) Obsolete – Use 11.010		Transport
11.010	Manifold 9 Port Brass (9 – Single Side)		Transport
11.011	Manifold 18 Port Brass (9 - Double Side)		Transport
11.006	6 Port Manifold – Brass Note: 1/8 th Mainline Connection		Fifth Wheel
11.008	8 Port Manifold – Brass Note: 1/8 th Mainline Connection		Fifth Wheel
11.018	14 Port Manifold (Industrial/Flat Mount)		Transport
50.031 – 5" Axle 50.552 – 5 3/4" Axle 50.553 – 6" Axle	Trailer Axle Mount Assembly Note: 1/8 NPT Mainline		Trailer Axle Mount
50.615	8 Port Low Profile Mount Manifold Note: 1/8 NPT Mainline		Low Profile Tight Mounting
54.977	12 Port Low Profile Manifold Note: 1/8 NPT Mainline		Low Profile Tight Mounting
